

SELECT SHIELD BENEFITS

- ✓ **Protection for critical systems** and components
- ✓ **Unlimited miles**
- ✓ **Nationwide coverage**

SELECT SHIELD

LIMITED WARRANTY

This is an overview of coverage. Actual contract coverage, limitations and exclusions may apply. Purchase of the program is optional and not required to obtain financing. See your service agreement for details.

Replaced parts or components will, at the administrator's discretion, be new, used or remanufactured parts or components of like kind and quality compatible with the original design specifications and wear tolerances of the vehicle and will comply with applicable state and federal laws.

KEEP ON ROLLING

Get reimbursed for the cost to repair or replace the components and systems you need to stay on the road.

MOTORIZED RVS

Engine (gasoline): All internal lubricated parts, including bearings, pistons, piston pins and rings, valves, valve springs, valve spring retainers, timing chain or timing belt tensioners and rocker arms, timing gear, oil pump, valve guides, followers, valve seats, rocker shafts, push rods, valve lifters, connecting rods, crankshaft and main bearings, camshaft, cam bearings and rocker bushings, as well as the water pump, engine mounts and cushions, exhaust and intake manifold, engine block and cylinder heads and barrels.

Engine (diesel): All the above parts plus fuel heater, fuel injection pump, fuel injectors and lubricated parts within the turbocharger housing as well as the turbocharger housing if damage results from the failure of an internal lubricated part.

Transmission (automatic or manual): All internal lubricated parts, torque converter, pump, drums, reaction carrier, shafts, hubs, gears, shift rails and forks, internal linkage and bearings, mounts, vacuum modulator, seals and gaskets as well as the transmission case, housing and oil pan if damage results from the failure of an internal lubricated part.

Transfer case: All internal lubricated parts, seals and gaskets as well as transfer case housing if damage results from the failure of an internal lubricated part; seals and gaskets.

Drive axle assembly (front or rear): All internal lubricated parts contained within the drive axle housing as well as the axle or transaxle housing if damage results from the failure of an internal lubricated part.

MOTORIZED AND TOWABLE RVS

Frame: LP mounting bracket, bumper welds, all chassis frame welds, manual lift jacks, latch, lift crank, cables, pulleys and motor.

Brakes: Master cylinder, hydraulic or electric actuators, wheel cylinders, disc brake caliper, backing plates, clips, retainers, seals and gaskets.

Suspension assembly: Wheel bearings, wheel hubs, spindles, spindle supports, axle shafts, actuators, rubber suspension bushings and coil and leaf springs.

Range/oven: Burner assembly, thermostat, thermocouple, burner valves, igniter, heating element, fan, pole motor, power hood, fittings, connections and PC board.

Microwave: Transformer, magnetron, fan and PC board.

Refrigerator/freezer: Thermostat, thermocouple, burner assembly, igniter, cooling unit, fittings, connections and PC board.

Heating/furnace: Thermostat, thermocouple, main gas valve, igniter, burner assembly, blower motor, fittings, connections and PC board.

Air conditioning (central air or 100V roof-mounted): Compressor, condenser, evaporator, receiver-dryer, accumulator, expansion valve, capacitors, heat pump, heat strips, reversing valve, relays, blower motor, blower motor fan, high/low cut off switch, pressure cycling switch, electronic module, thermostat and vent fans.

Water system: Water pump, sinks, sink faucet, shower faucet, shower head, holding tank and traps, fittings, connections and gate valves.

Waste system: Toilet vacuum breaker, float assembly, ball valve, slide valve, water inlet valve, holding tank and traps, fittings, connections and gate valves.

Hot water heater: Burner assembly, tank, thermostat, thermocouple, heating element, gas valve, pressure relief valve, electronic ignition, wiring harness, switch and PC board and their fittings, connections and gate valves.

LP gas system: Regulators, valves, gauges, pigtailed, fittings, connectors, gas lines, automatic shutoff and mounting brackets.

Auxiliary generator/power supply: All internal lubricated parts, including pistons, rings, connecting rods and bearings, crankshaft and camshaft, starter motor, electrical generator, manually operated switches, hour meter, voltage regulator, gauges, PC board and power converter/inverter, as well as the engine block, cylinder barrels and cylinder head if damage results from the failure of an internal lubricated part.

Hydraulic/electric steps: Step motor, gears, linkage and switch.
